

## Getting Results from an Online Test Using Test Manager

After your students take an online test using ExamView Student App, the next step is to get the results into ExamView Test Manager. When you perform this step, the program reads the results and stores the data into your class within the ExamView Test Manager. If your test includes open-ended questions, you will need to manually score those questions.

### 1 Start ExamView Test Manager.

The *ExamView Assessment Suite* log in screen appears.

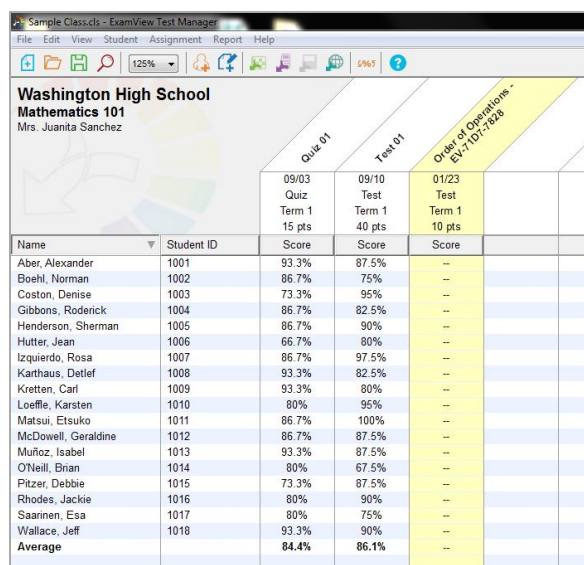

The login screen for ExamView Assessment Suite. It features the ExamView logo at the top. Below the logo, it says "To use ExamView, please sign in to your Turning Technologies account. Don't have an account? Create a free account [here](#)." There are input fields for "Email:" and "Password:". Below the password field is a link "Forgot your password?". There is a checkbox for "Remember Me" and a "SIGN IN" button. At the bottom, there are links for "Why do I need an account?" and "Upgrade to ExamView Premium?". The version number "v11.0.0.354" is in the bottom right corner.

### 2 Enter the **email** and **password** for your Turning Technologies Account in the fields provided.

### 3 Click **Sign In**.

### 4 Open the class file that you selected when you published the online test.

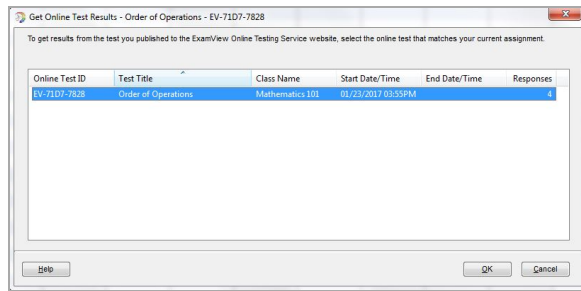

The screenshot shows the ExamView Test Manager interface. At the top, it says "Sample Class.cls - ExamView Test Manager". Below that is a menu bar with "File", "Edit", "View", "Student", "Assignment", "Report", and "Help". There are icons for various functions like "125%", "Print", "Find", "Help", "Exit", and "Test". The main area displays "Washington High School Mathematics 101" by "Mrs. Juanita Sanchez". Below this is a table with columns for "Quiz 01", "Test 01", and "Order of Operations - EV-101-82a". The table has rows for "09/03 Quiz Term 1 15 pts", "09/10 Test Term 1 40 pts", and "01/23 Test Term 1 10 pts". Below the table is a list of students with their names, student IDs, and scores for each assessment.
